As of today I do not have PPH standard . Region 3 lab is supporting this effort .  
If I can be of any assistance , please let me know .  
Raj

>

> 2. In discussions with Senator Manchin last night, CDC committed to trying to facilitate communications btwn laboratory experts at EPA (R3? ORD? Denver?) and WV to try to improve if possible the state's detection limit for PPH as soon as possible. Cindy, thank you for carrying this conversation forward on the EPA R3 side. Please let me know if I can help in any way. CDC has reached out to Dow and they have committed to providing any additional info they have available on the tox side (not sure if that also includes analytical side). I will share anything I get in that regard. Could you let me know if EPA can help the state in this regard?
